SHALIMAR BUILDING CONSTRUCTION MATERIAL TRADING LLC

TRADING DIVISION · DUBAI, UNITED ARAB EMIRATES

PRODUCT CATALOGUE

STOCKISTS & SUPPLIERS. BUILT AROUND YOUR PROCUREMENT NEEDS.

ABOUT US

Shalimar Bldg Construction Material Trading LLC, the Trading Division of Shalimar Group, is a Dubai-based stockist and supplier of exceptional steel, HVAC, building material and architectural glass products, serving the construction, engineering, infrastructure, fabrication, MEP, HVAC and architectural industries across the UAE, GCC and African markets.

With a comprehensive multi-category portfolio and a strong focus on dependable supply, competitive commercial solutions and responsive service, we enable customers to source a broad range of project and industrial requirements through a single, reliable procurement partner.

As stockists and suppliers, we focus on maintaining access to essential materials, supporting reliable lead times and responding quickly to project and recurring requirements. Our objective is not simply to supply products, but to provide a procurement experience built around availability, value, technical understanding and long-term reliability.

We work with contractors, steel fabricators, MEP & HVAC contractors, facade and glazing companies, hardware distributors and infrastructure projects, providing them with a dependable source for diverse material requirements.

PRODUCT DIVISIONS

- Flat Steel Products
- Structural Steel
- HVAC & Ducting Accessories
- Fasteners & Hardware Components
- Building Materials & Consumables
- Architectural Glass Products & Accessories
- Paints & Waterproofing Products

OUR PROMISE

As stockists and suppliers, we are committed to delivering the right products, competitive solutions and dependable service - helping our customers procure with confidence and build with certainty.

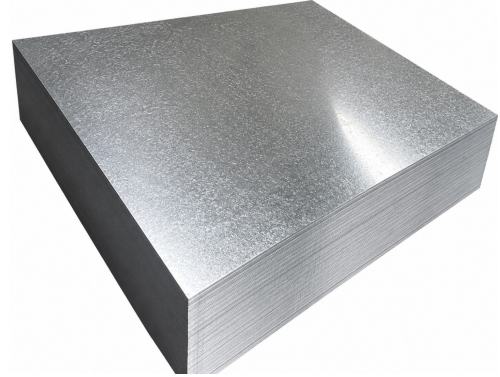

Shalimar Group - Building Trust, Supplying Quality

FLAT STEEL PRODUCTS

Coils and sheets held in stock for fabrication and general industry.

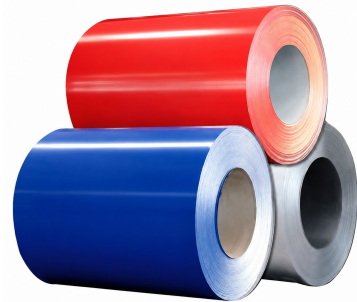

GALVANIZED STEEL COILS

FLAT GI SHEETS

CORRUGATED GI ROOFING SHEETS

PPGI – PRE-PAINTED GALVANIZED STEEL COILS

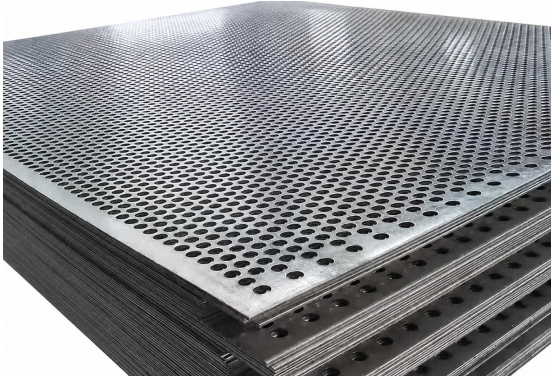

COLD-ROLLED COILS (CRC)

HOT-ROLLED COILS (HRC)

STEEL SHEETS, SECTIONS & BARS

Sheets, sections and bars for structural and fabrication work.

PERFORATED METAL SHEETS

Consistent open-area ratios

STAINLESS STEEL (SS) SHEETS

Premium grade with protective film

I-BEAMS & H-BEAMS

Load-bearing beams and wide-flange columns

MS ANGLES

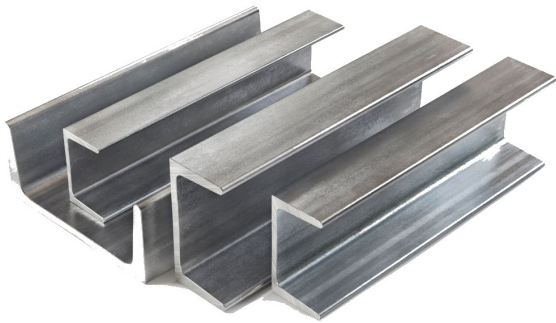

MS BARS – ROUND BARS & DEFORMED REBAR

MS C-CHANNELS

STRUCTURAL STEEL & CLADDING

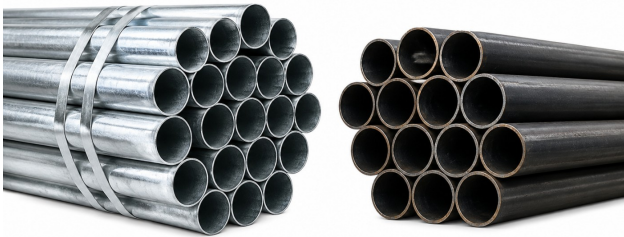

Structural sections, pipes and cladding products for fabrication and construction.

MS PARALLEL FLANGE CHANNELS (PFC)

STEEL TUBES – ROUND, SQUARE & RECTANGULAR

GI & MS PIPES

ERW and seamless variants

ALUMINIUM COMPOSITE PANEL (ACP)

ARCHITECTURAL GLASS & ACCESSORIES

SHALIMAR

Architectural glass panels, fittings and specialised fastening solutions.

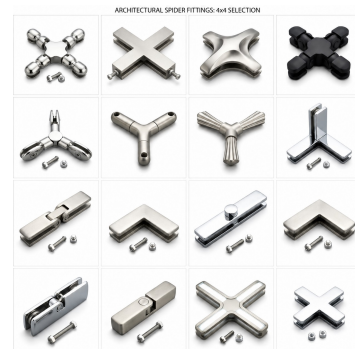

CLEAR & FLOAT GLASS

COLOURED & TINTED GLASS

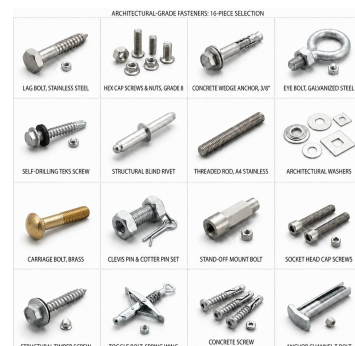

FROSTED & WIRED GLASS

SPIDER FITTINGS

PATCH FITTINGS

ARCHITECTURAL-GRADE FASTENERS

HVAC EQUIPMENT & AIR DISTRIBUTION

SHALIMAR

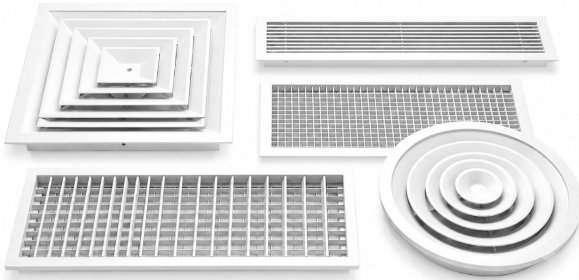

Equipment, controls and air-distribution products for HVAC systems.

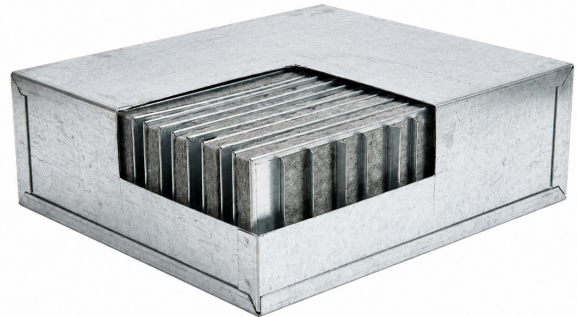

AC COMPRESSORS & REFRIGERANT GAS

THERMOSTATS, CAPACITORS & CONTACTORS

GRILLES & DIFFUSERS

SOUND ATTENUATOR

RECTANGULAR SOUND ATTENUATOR – LARGE SIZE

CANVAS CLOTHS FOR HVAC APPLICATIONS

PRODUCT OVERVIEW
Canvas cloths are heavy duty, tightly woven fabrics used in HVAC systems for insulation jackets, duct connections, expansion joints and flexible connections. They provide excellent durability, flexibility and resistance to temperature, moisture and abrasion.

- KEY FEATURES**
- High tensile strength and tear resistance
 - Withstands high & low temperatures
 - Flame retardant (FR) options available
 - Resistant to mold, mildew and moisture
 - Flexible, easy to cut and sew
 - Long service life and low maintenance

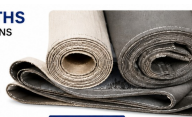

APPLICATIONS

Property	Unit	Standard	Cotton Canvas	Polyester Canvas	Silica Canvas (FR)
Material	-	-	Cotton	Polyester	Silica Fiber
Weight	gsm	850-2000	550-650	650-850	850-1100
Thickness	mm	0.75-2.00	0.75-1.00	0.75-1.00	1.00-1.25
Tensile Strength (Warp)	N/cm	850-1800	±1200	±1500	±2000
Tensile Strength (Weft)	N/cm	850-1800	±900	±1200	±1500
Temperature Resistance	°C	-	-25 to +120	-25 to +120	-50 to +250
Fire Resistance	-	BS 476:14.34	Optional FR	Optional FR	Non Combustible
Color	-	-	Grey / White	Grey	Grey / Brown
Standard Width	m	-	1.0 / 1.2 / 1.5	1.0 / 1.2 / 1.5	1.0 / 1.2
Roll Length	m	-	50 m (as per requirement)	-	-

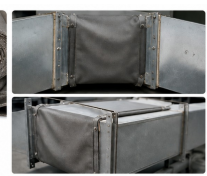

*Custom sizes, coatings and finishes are available on request.

Ideal for all HVAC systems where flexibility, durability and protection are essential.

- COMMON APPLICATIONS**
- HVAC Duct Connections
 - Flexible Duct Joints
 - Air Handling Units (AHUs)
 - Fan Inlet & Outlet Connectors
 - Expansion Joints
 - Weather Isolation Jackets
 - Insulation Covers & Removable Jackets

- AVAILABLE TYPES**
- COTTON CANVAS: Good strength, high durability.
 - POLYESTER CANVAS: Better strength, high durability.
 - SILICA CANVAS (FR): High temperature resistance, flame retardant.

- STANDARD COMPLIANCE**
- ISO 9001: Quality Management
 - ISO 14001: Environmental Management
 - BSI Registered
 - RoHS Compliant
 - Custom FR Treatment Available

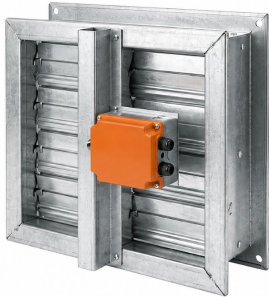

- APPLICATION EXAMPLES**
- HVAC Duct Connections
 - AHU Expansion Joints
 - Fan Inlet/Outlet Connectors

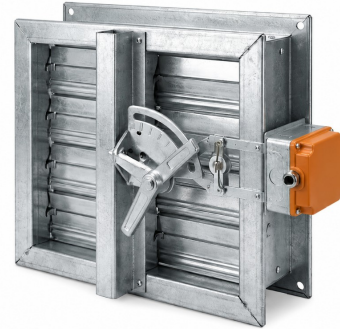

CANVAS CLOTH BUNDLE – 25 PIECES

DAMPERS & DUCT COMPONENTS

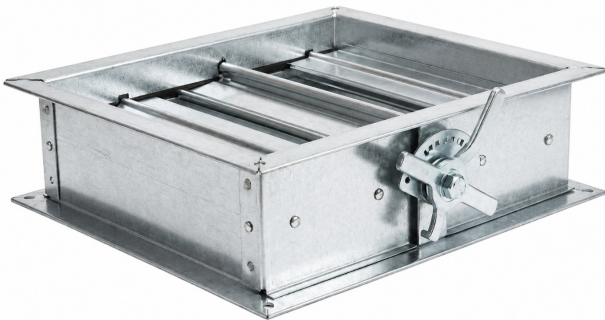

Further damper types with duct assembly components.
